

# CRH Online Tips!

On the following pages you will find some useful tips to help you navigate through our website:

## Searching

There are three options available when searching for a product:

Product Search Menu

Quick Search via category and/or

Quick Search via product name or stock code

## Product Search

The product search menu is located down the left column of the page and is most suitable when searching for a range of products or when you don't know the product code.

Simply click on the product you are interested in, which will display it's sub categories. Then select the sub-category of interest and this will display in the main view screen products in the range including their code, brief description and photo.

From this screen you can:

Click on  next to the stock code to order the product.

- Click on view details to view a **detailed description** of the product.
- In the view details area click on the **photo** to **enlarge** the image.
- **Specifications ie drawings** can also be viewed from the view details area by clicking on the appropriate link.
- **Installation Instructions** can also be viewed from the view details area by clicking on the appropriate link.

## Quick Search

The quick search function is located directly above the product menu column and allows searching to be specific. This function is best used when there is a desired product in mind. This enables the option of searching using:

QUICK SEARCH

.....Category.....

.....Sub Category.....

Enter Product Search

Go

1. a Category and Sub Category **and/or**
2. Part Number.

**Category & Sub Category** - If you know the category you are after eg Castors then click on the arrow next to the box marked Category and a drop down menu will appear for you to click on the Category you are after. Next click on the arrow next to the box marked Sub Category and again a drop down menu will appear for you to click on the Sub Category of interest and this will display in the main view screen products in the range including their code, brief description and photo. Note that the Sub Category drop down menu is only available if a Category has first been selected.

From this screen you can:

Click on the shopping cart logo  to order the product.

- Click on view details to view a **detailed description** of the product.
- In the view details area click on the **photo** to **enlarge** the image.
- **Specifications ie drawings** can also be viewed from the view details area by clicking on the appropriate link.
- **Installation Instructions** can also be viewed from the view details area by clicking on the appropriate link.

**Part Number** - type in the part number or section of the part number that you know. Being as specific as possible will cut down your search time. Be careful when there is the letter O or zero(s) in the part no. or if there are spaces or dashes (-).

**Product Name** – type in eg handle.

## PRODUCT SEARCH RESULTS

Search Results - 23 records found.

D HANDLE

**D HANDLE:D HANDLE C**

## Ordering

Once a product has been selected, it can be purchased. This can be done by selecting the

shopping cart icon found next to the stock code of the selected product. Once selected the shopping cart screen will appear. At this point you can change the default qty of 1 to the number you wish to order.

### SHOPPING CART

[GO BACK](#)

stock code	product name	quantity	remove
RH08X	65mm Stainless steel disc foot 105mm stem	1	

Update cart

If you update the quantity of a product, click Update Cart to refresh.  
If you wish to add more products to your order, select "Go Back" to return to the same product category or select a new product Category. Your request will be forwarded to CRH Sales and they will contact you soon to progress your order. [Click Here](#) to print off a copy of your order

Empty Cart

**Important:** If you update the quantity of any product you need to click the "Update Cart" button.

**Important:** If you wish to add more products to the order, select the "Go Back" button to return to the same product category or select a new Product Category.

Checkout

If you decide not to order a product(s) then change the qty to 0 and again select "Update Cart".

Products in the cart will remain there until emptied or you log out.

To process your order select "Check Out" at the bottom right hand corner of the screen. Complete the form remembering to add the delivery address in the "Special Instructions". At this point you can select "Click Here" to print off a copy of your order before selecting "Send Order" at the bottom of the screen.
